European Grand Prix 1st Leg 4 – 9 June 2012, Nicosia, CYPRUS

The registration number will be given at the warm up on the day of the competition (it will be distributed on the shooting line, in front of each archer's position). When receiving the registration numbers, we would like each Team Manager to double check that each archer has the correct "athletes number".

The athlete's number must be worn on the archer's quiver or the thigh facing the waiting line. During the equipment inspection, instructions on the use of the scoring PDA terminals will be carried out if requested. We ask all the archers and coaches to follow the OC volunteers and Judges' instructions in order to proceed with as few delays and as organized as possible.

The Environment

We ask you to instruct your athletes to use the litter bins which are placed behind the waiting area.

Water

The Organizing Committee will provide for all athletes and official cool water from refrigerators in the FoP and the Practice Field.

Non Smoking

This is a non smoking event for the practice and official competition areas. Inside public buildings you are now no longer allowed to smoke, you must use the designated areas outside.

3.5. Qualification Round (5 June 2012). Information on scoring

The target assignment will be handed out in the venue and posted at the hotel on the day of the official practice. There will be a separate location where spare equipment, bow cases and other equipment can be stored (under control) during the competition. During the qualification rounds, no faces will be changed after the practice arrows.

Qualification Round (70m Round for Recurve / 50 m Round for Compound), shooting 4 archers per target in **AB-CD** format (6 arrows per end at all distances).

The athletes will be given an electronic score terminal (PDA) for each target. In addition, for the qualification round there is also one paper score sheet per target, which must be filled in by the athletes themselves. For each target, one athlete will enter the score on the paper score sheet; another athlete will score on the PDA terminal. All the athletes on the same target must verify that the correct scores are entered.

Please instruct your athletes to correctly fill in the scorecards including total score, 10's and X's and sign the cards before handing them back after each round.

In case of tied score on positions 8 and 104 individual and 16 for teams and mixed team, a shoot off will be arranged at the last distance shot. Neutral targets will be used.
