

PARA-ARCHERY COACHES SEMINAR

Coaching archers from beginners to competitors

BELGRADE (SRB) - 10th to 13th APRIL 2018.

CONCERNED ASSOCIATIONS

This seminar is organized with the support of World Archery Europe (WAE) for:

- WAE's Member Associations
- National Federations in charge of Para-Archery in WAE geographic area*

() in this case, registration must be done through the WAE's member association*

CONTENT

The objective of the seminar is to propose the specific knowledge to the coaches about archery for disabled persons:

- First part will be addressed to teaching beginners at their arrival in the club.
- Second part will be addressed to teaching archers in competition (from national to international level) and information about classification and sport classes in WA events.

Detailed content in appendix.

LOCATION

Hotel Slodes (Sport oriented hotel in park/forest area not too far from center)
<http://www.hotelslodes.rs/en/rooms.html#includes>

Closest airport: Belgrade airport "Nikola Tesla" (23km or cca. 30min from Hotel)

TEACHERS

The seminar is organized with the support of experimented people who use to teach archery coaching in their country.

Courses will be held in English.

If some translation is wished, please ask before registration if we can propose it in the required language.

With application, please send a small CV like form - to find out the coach experience in archery and coaching, as well information if the coach has a disability.

All this information will help the tutors prepare to teach.

PARTICIPANTS PROFILE

This seminar is organized for people who already have experience in teaching archery.

The content of the program is built to give some extra knowledge about the specificities of our sport for disabled persons.

PARTICIPATION FEES

By participant: **450,00 €**

Delivered by Vincent Hybois, Sport Director, French Handisport Federation

Learning Outcomes:

By attending this course, coaches will have:

- Knowledge of how to teach archery for people with a disability
- Knowledge of shooting with poor standing balance
- Knowledge of shooting with a visual impairment
- Knowledge of shooting with difficulties taking the bowstring
- Experience implementing the principles of coaching an archer with a disability

Schedule:

Day 1:

Teaching someone with a disability (in the classroom)

- How to approach a person with a disability in an archery association
- The different types, categories of disability
- How to teach archery for people with a disability

Standing balance and visual impairment (on the range)

- How to shoot with a poor standing balance: Standing position, shooting with a stool, shooting with a wheelchair
- How to shoot with a visual impairment: When you can see a little, when you can't see

Day 2:

How to shoot with some difficulties to take the bowstring

- Shooting with shaking arms, shooting with just one arm, shooting without the hand and the wrist

How to shoot with polyhandicaps:

- Shooting with an electric wheelchair

Practice lessons with beginners with a disability

Delivered by Michael Peart, Paralympic Coach, Archery GB

Learning Outcomes:

By attending this course, coaches will have:

- Knowledge of Archery GB's performance environment for Para athletes
- Knowledge of the Para athlete pathway, including recruitment tactics, selection, classification and bow style selection
- Knowledge of the training requirements of Para athletes
- Knowledge of equipment optimization for Para athletes
- Identified areas for personal development as a coach to implement principles covered during this course
- Identified areas for how the coaches club or organization can implement principles covered during this course

Schedule:

Each session will start with a presentation and then progress to the shooting range. The course will provide opportunity for coaches to explore how the principles covered can be applied to their own personal development and setting for who and where they coach.

Day 3 AM: "Program"

- Archery GB's Para journey to Topping the Rio medal table, how the pathway adapted to the modern Paralympic landscape.

Day 3 PM: "Recruitment"

- How to find a champion. Selection, recruitment, classification and bow style selection.

Day 4 AM: "Training"

- How to train to become a Paralympic champion. Training loads, arrow volume, gym work and mental work.

Day 4 PM: "Equipment"

- Optimizing equipment to get the best performance. Bow selection, stool selection, chair selection, assistive devices and bespoke release aids.
